

EVENT COLLABORATION AND TECHNICAL REQUIREMENTS.

Claudia Masueger works closely with event organizers to deliver a seamless and impactful FLOWmentum™ keynote presentation. Below is an overview of her cooperation approach and the technical setup required:

COOPERATION WITH ORGANIZERS

- Collaborates directly with your planning team to deeply understand and align with your event objectives.
- Provides actionable FLOWmentum™ takeaways to maximize audience impact and your event's success.
- Promotes your event across her social media channels.
- Creates a personalized promotional video for your use across social media channels, guest lists, and email communications.

For bookings, please contact:
claudia@masueger.com or visit

TECHNICAL REQUIREMENTS

CLAUDIA WILL BRING:

- Lenovo Notebook with standard HDMI output (for connecting to projector or large screen).
- Wireless pointer for advancing presentation slides.
- PowerPoint presentation with embedded audio.

THE CONTRACTING ENTITY IS ASKED TO PROVIDE:

- Projector or large screen connected via HDMI. Please ensure compatibility.
- Sound system connected to the Lenovo Notebook for audio playback. Ensure sound functionality ahead of time.
- Wireless microphone (headset or lapel) for Claudia's presentation (no handheld microphones, please).
- Audio and equipment check at least one hour before the presentation.

ADDITIONAL NOTES:

- In case of any audio or technical issues, please notify Claudia in advance for alternative arrangements.
- Claudia's presentations will be in PowerPoint format; ensure compatibility with the projector or screen setup.
- Photography and video recording of the presentation are welcome; please provide a copy of recordings and photos afterward.
